

PRODUCT RANGE EXTENSION QBPK Premium Kit+ "timing belt kit plus water pump"

QUINTON HAZELL – the specialist for automotive spare parts for cooling and primary drive systems has extended the current QBPK Premium Kit+ "timing belt kit plus water pump" product range by 112 references!

This range expansion closes gaps previously encountered on important vehicles. Further bonuses for garages and retailers: you can react to changing repair patterns and maintain availability of these articles at a high level.

Of the 112 new additions, the 66 most important references have been initially recorded on the TecDoc CD 01/2010 – with a total of 6.3 million additional vehicle links. Simultaneously, you can also avail of all new-to-range references and respective vehicle applications through our online Qmedia catalogue at: www.quintonhazell.de.

We have collected all new-to-range references for you in a separate Excel file included in the appendix to provide you with an immediate and speedy overview and aid your internal data processing.

Gut gemacht.
